

Dear Isles Residents,

The Board of Directors will begin opening some of the amenities Monday, May 4th. The guidelines below for each amenity are based on the standards set by the state of Florida. The Board will continue to monitor the guidance from the state and make changes to the use of each amenity when appropriate. Social distancing rules of 6 feet of space between yourself and non-family members is required at all the amenities. The top priority of the Board is the health and safety of all Isles residents. If the guidelines for amenities are not being followed the Board reserves the right to shut the amenities down. The Board of Directors would like to thank all residents for their cooperation and patience during this unusual time.

Although the amenities were closed, the regularly scheduled cleaning of the Town Center, pool restrooms, and tennis court restrooms was maintained. In preparation for reopening of the amenities Stanley Steamer was brought in. The Town Center carpet, furniture, restrooms, and kitchen floor were steam cleaned, as were the mail center floor, tennis court restrooms, and pool restrooms. All pool furniture has been pressure washed as well. The Fitness Center carpet and restrooms were also steam cleaned, and all equipment were sanitized. The regular scheduled cleaning of all amenities will continue.

The tennis courts have reopened. Signup sheets have been posted. Please note the tennis courts will be closed starting Wednesday, May 6<sup>th</sup> for the installation of new fencing. The courts are scheduled to reopen Saturday, May 16<sup>th</sup>. This schedule is weather dependent. Should the fencing project be completed ahead of schedule the courts will be open earlier. Please refer to page 3 to read the guidelines for tennis court use.

The Town Center will reopen on Monday, May 4<sup>th</sup> for official business only. A maximum of 10 people will be permitted in the Town Center at one time. No social activities will be permitted in the Town Center until further notice. The exercise classes which took place Tuesday through Friday will not be permitted at this time. It is recommended for all vulnerable people who come to the Town Center to wear a mask.

The pool will reopen Monday, May 4th. The maximum capacity at the pool will be 25 people. The Board requests that any person at the pool stay for a maximum of 1 hour as to allow use of the facility by other residents.

The State of Florida is not allowing Fitness Centers and Basketball to reopen. For that reason, our Fitness Center along with Basketball will remain closed. A date has not been set as to when these amenities will reopen, but we will reopen when the state allows.

Pickleball play will be able to resume Tuesday, May 5th. The brown bin holding the Pickleball equipment has been moved into the Town Center. After play is complete the nets will need to be broken down and returned to the Town Center. All Pickleball players must bring their own paddles, pickleballs, and chairs. The Pickleball signup sheets have been posted. Players will be expected to follow the same safety guidelines as tennis.

The Board of Directors would like to thank all the residents for their cooperation with the adherence to the guidelines for the amenities. The loosening of restriction for the amenities will mirror the guidelines set by the state of Florida moving forward. Thank you again for your patience.

Respectfully,

The Isles of Sarasota  
Board of Directors and Management Team
