

How to enable Autofill on your Mac computer

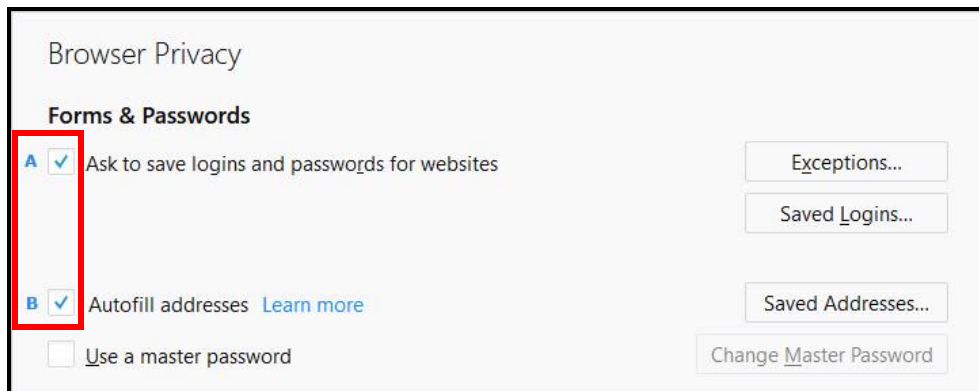

Firefox users

1. Open the [Mozilla Firefox](#) browser.
2. Click the  button in the upper-right corner of the browser window.
3. Select  [Options](#) from the [drop-down menu](#) that appears.
4. In the next window, **select the Privacy & Security tab.**

5. In the *Browser Privacy* section, **check the boxes next to Ask to save logins and passwords for websites (A) and Autofill addresses (B).**

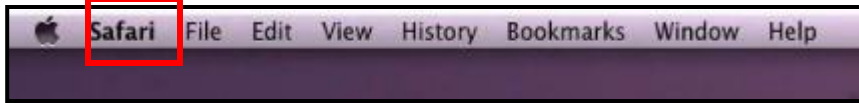

6. Fill out a form.
7. Once you've completed the previous steps, try out your autofill using the example test form below. Click the first [form field](#), **type your first name**, then press the [down arrow](#), then **press Enter**.

Safari users

1. **Open** the Safari browser.
2. Select **Safari** in the **upper-left corner** of the desktop.

3. In the drop-down menu that appears, select **Preferences**.

4. Select the **Autofill** tab. Select the check boxes next to the forms you would like Safari to fill in automatically. Click edit to fill in personal information.
