

The Isles on Palmer Ranch

COVID-19 Guidelines for tennis play

There will be no free community clinics until further notice

- Facilities

- Only active players should be inside the perimeter fence.
 - No spectators, no people waiting to play (next up, rotating in, etc.)
- Players waiting for the court **MUST** wait until the prior players completely vacate the court before entering.
- Players exiting the court are responsible for sanitizing gate knobs and switches.
- Players are expected to sanitize the handles of drag brooms and line sweepers before and after use.
- Players using the schedule board should bring their own pen or pencil and are expected to sanitize the scheduling board knob after closing the door.
- Players should not use the drinking fountains and should bring their own beverage.

- Equipment

- Players should not touch each other's racket, towels, equipment bag, water bottle, etc.
- Players should provide their own balls, identified as theirs (ball brand and number, personal markings, initials, etc.)

- Play Guidelines

- Players should maintain a minimum of 6 feet between each other at all times.
- Players should handle only their own tennis balls. If you need to retrieve a ball belonging to another player, don't pick it up, but tap it back to them with your own racket.
- If you are in a private lesson, or an instructional clinic, you should use only the balls belonging to the instructor. When collecting the balls, the handles of the hopper should be sanitized before use, and players should sanitize their hands after use.
- Players should not congregate in the bench area.
- If a player uses the bench or table, they are expected to sanitize it after use.

- Personal Hygiene

- Players should follow all established guidelines for hygiene.
 - Wash or sanitize hands frequently, preferably after handling anything that has been handled by others
 - Cough or sneeze into your sleeve, or preferably a disposable tissue

Disinfectant wipes will be provided by the association and located at each pavilion. Please use these wipes only for the tennis courts. Please do not remove the wipes from the tennis courts.

Play Safe, Play Smart!

Thanks,
Isles Management
